## FAVORABLE TO RETURN OF TEL. AND TEL.

(By Associated Press)  
Washington, June 3.—Favorable report on the bill of Senator Kellogg, Republican, of Minnesota, for the immediate return of the telephone and telegraph wires to private ownership was ordered today by the Senate Interstate Commerce Committee after the measure had been amended so as to continue existing telephone rates for 60 days after final action by Congress. No provision was made for continuing telegraph rates which recently were increased by order of Postmaster General Hurleston, whose action was sustained yesterday by the Supreme Court. Most advocates of the return of the wires properties had urged that a specific date be set but the committee decided to adopt Senator Kellogg's plan for their return "forthwith." Chairman Cummings announced he would call the bill up in the Senate as soon as possible with the hope of securing its passage into this week.

## FINNISH FORCES TAKE PETROGRAD

Copenhagen, June 3.—Estonian and Finnish forces have taken Petrograd, according to an unconfirmed dispatch from Vardoe received by a Danish newspaper here.

## FLIERS WILL TRY TO LOCATE JAMES

(By Associated Press)  
Minneapolis, N. Y., June 3.—In the hope of finding Capt. M. R. James, the British Ace who has been missing since last Thursday when he attempted to fly from Lee, Mass., to Hazelhurst Field, a squadron of three airplanes left Hazelhurst Field today. The squadron was sent out at the request of the British military mission. It was planned to stop at Stamford, Conn., then go to Poughkeepsie, Albany and perhaps to Pittsfield, Mass., where according to unofficial reports Capt. James was seen. It was planned to search along Long Island Sound and the Hudson River. Two planes were to go to Winsted, Stamford and Hartford, Conn., while the other was to fly to Pittsfield, stopping en route at Hartford.

## STRIKE IS ORDERED IN VANCOUVER

(By Associated Press)  
Vancouver, B. C., June 3.—A general strike of organized labor in Vancouver in sympathy with the Winnipeg strike effective at 11 a. m. today was called at a mass meeting last night.

Geel! But it made 'em come off this morning—those wfs I mean.

## More Bomb Explosions Today---Nation Wide Scope of the Plotters Unearthed ---German Peace Terms May be Further Modified --- Bolsheviki Replaced in Hungary.

### ROUNDING UP THE I. W. W.

(By Associated Press)  
Pittsburg, June 3.—A round up of suspicious Russians, I. W. W. sympathizers and Bolsheviki agents was begun today by the agents of the Department of Justice as the result of the wrecking of 5 homes last midnight, including those of Judge W. H. H. Thompson, of the U. S. District Court and W. W. Sibley, Chief Inspector of the Bureau of Immigration. Fifteen men, mostly Russians, were arrested this morning.

**ANNOUNCE ENGAGEMENT**  
Mr. and Mrs. George L. Perin of Kittery announce the engagement of their daughter, Mary Grace Cassidy to Clifford R. Hall of Long Island, N. Y.

(By Associated Press)  
Boston, June 3.—Early investigations of the explosions last night at the home of Police Judge Albert P. Hayden in the Roxbury district and that of State Representative Roland Powers in Newtonville, tended to confirm the first opinion of the police that the outrages were part of a nation wide plot. Pamphlets found scattered outside the Hayden house were identical in nature with those found at the home of Attorney General Palmer in Washington. State Chemist Wedger who visited the scenes of the explosions today, expressed the opinion that a fuse bomb was placed in the Hayden residence. He said the odor of the fuse could be distinguished in the cellar when the police arrived. The nature of the explosive used at the Powers residence was not so evident, but the police were inclined to think a stick of dynamite was thrown there. No one was injured in either explosion. With the exception of a son, Malcolm Hayden, all the members of Judge Hayden's family were at their summer residence in Plymouth and so escaped injury. The son was just returning home and was but a few hundred feet down the street when the explosion occurred. Judge Hayden, after viewing the premises a few hours after the explosion, declared that he and his family been in the house, some of them must surely have been killed. His own bed chamber and that of his daughter were wrecked, as well as other portions of the house. He said the damage would amount to several thousand dollars. Judge Hayden expressed the opinion that the attack on his home was because of his attitude in the cases of nearly a hundred May Day rioters who recently appeared in his court and upon many of whom he imposed heavy sentences. "But it does not intimidate me in the slightest," he said. "It was the most cowardly thing one could imagine." The only reason that could be ascribed for the attempt to blow up the Powers home was the legislative activity of Representative Powers on the anti-anarchist bill recently adopted. The police had little to work upon in their investigation. Judge Hayden told the police that he had received no threats either by letter or in person and that he was unable to furnish any definite clue to the perpetrators of the outrage. Examination of the Powers home in Newton by daylight showed the damage to have been considerable. Representative Powers estimated the damage to his house at \$6000. A quantity of radical literature was found on the piazza and elsewhere in the neighborhood of the Powers house. Supt. of Police Michael H. Crowley expressed the opinion that the men responsible for the bomb outrages came here from other cities for the purpose and were experts in the handling of explosives. A guard was being maintained about the Hayden home and other steps were being taken by the police to prevent a repetition of the explosions.

Two men suspected of being concerned in the explosions last night were detained by the Boston police today. One was released after examination but the other was held pending further investigation.

Washington, June 3.—Police inspectors today believed that they had identified the man who was blown to pieces last night in an effort to kill Attorney General Palmer with a bomb as a Philadelphia anarchist. They were confident the nation wide plot against the lives of officials and prominent men had been laid in Philadelphia. A blood stained conductor's identification sheet found in front of Mr. Palmer's residence early today showed that the anarchist arrived in Washington at 10:30 o'clock last night from Philadelphia.

The police have established that the dead anarchist who probably was an Italian came to Washington from Philadelphia. The identity of the anarchist who was killed apparently has been established. The explosions last night were accompanied by the scattering of anarchist literature written by persons who were not illiterate. The literature contained the stock doctrines of radicals who have been urged class war. The anarchist killed here apparently was of Italian birth. He had dark and curly hair.

A disposition on the part of some of the members of the Council of Four to modify certain terms to which the Germans have made the most emphatic objection is indicated in dispatches. Premier Clemenceau, is reported standing firmly against any concessions. Premier Lloyd George is favorable to modifications. Premier Orlando has taken no decided stand and President Wilson is inclined to leave the final decision to the French and British. There was no meeting of the Council of Four today.

Dr. Karl Renner, head of the Austrian peace mission, was expected to leave Paris for Switzerland today to meet members of his cabinet and discuss the answer Austria will make to the allied terms.

Dispatches from Vienna state that the Bolshevik regime in Hungary has been replaced by a government headed by Herr Germán, former Minister of Commerce in the Karolyi cabinet. A German detachment is said to have violated the armistice agreement with the Poles and to have crossed the Polish frontier from East Prussia. A Warsaw dispatch says that the Poles launched a counter attack and repulsed the invaders.

## WIRES WILL BE PUT UNDERGROUND AND CABLE ACROSS RIVER

The Western Union Telegraph Company is planning to remove all wires and poles from the Boston and Maine railroad yard in this city and place the wires underground between the coal sheds on the Southern Division tracks and Kittery Junction depot. The lines across the river will be taken from the Portsmouth bridge and cabled on the bottom of the Piscataqua.

## ANOTHER BOMB EXPLODES IN NEW YORK

(By Associated Press)  
New York, June 3.—One man was killed and several men and women narrowly escaped serious injury early today when a bomb placed at a basement entrance of the home of Judge Charles C. Nott, of General Sessions Court, exploded. The front part of the Nott residence was blown out and houses nearby on East 61st Street were damaged. Judge Nott was not at home and Mrs. Nott, who was asleep on the second floor, was uninjured.

The Herald has been boosting Portsmouth for many years and it welcomes all new converts.

We are pleased to announce that we have obtained for this city the exclusive sale of the Nationally known and Nationally favored  
**Wirthmor and Welworth Waists**  
—After a very careful investigation we have arranged to distribute these two nationally-known and nationally favored lines of Waists in this city. Before deciding on this step we learned the Wirthmor and Welworth Waists were being handled by many of the best stores in America; that they had attained through their unvarying excellence a nation-wide popularity; that because of the unique Wirthmor Plan under which they are made and sold that they always represented the highest possible standard of value in popular price Blouses, and further because of this very unusual method of making and selling Waists we would be able to show the new and wanted styles first, in many instances long in advance of their appearance in the market generally.

These are America's only known priced Waists, and they are sold at the same low prices the nation over.

**\$1.50** (for the Wirthmor)  
**\$2.50** (for the Welworth)

## ATTEMPTON LIFE OF ATTY. GEN. PALMER

(By Associated Press)

Washington, June 2.—An attempt was made late tonight to blow up the residence of Attorney General Palmer in the fashionable part of the city. The house was partly demolished but Attorney General Palmer or his family were not injured, being on the second floor of the residence when the explosion took place.

The bomb was placed under the house and one man thought by the police to be the man who planted the bomb, was blown to bits. It is thought that there was a premature explosion before the man could get the bomb under the house.

The explosion was very severe and it wrecked a good portion of the lower part of the house. Fortunately Gen. Palmer and his family were on the second floor and while frightened and somewhat shaken up they were not injured.

## The Mission of Swift & Company

Swift & Company has become one of the large businesses of the world through continuing to meet the growing needs of a nation and a world.

Society has a right to ask how the increasing responsibilities and opportunities for usefulness which go with such growth are being used by the men who direct its affairs—and the men have the right to answer:

To promote the production of live stock and perishables and increase the food supply;

To reach more people with more and better meat;

To make a fair competitive profit, in order to reimburse the 25,000 shareholders for the use of their capital, and to provide for the future development of the business;

To reduce to a minimum the costs of preparing and distributing meat and to divide the benefits of efficiency with producer and consumer;

To live and let live, winning greater business only through greater usefulness, with injury to nothing but incompetency, inefficiency, and waste; to deal justly, fairly, and frankly with all mankind.

These are the purposes and motives of the men who direct the policies and practices of Swift & Company.

Swift & Company, U. S. A.

## DOVER

Dover, June 2.—Early Sunday morning Police Officer William S. Scanton discovered a burglar at work in the grocery store owned by Charles H. Jennings on Third street. Other officers were called and covered both front and rear entrances. The police found a young fellow helping himself and filling a basket with canned chicken soup. The boy had gained entrance to the store through a rear window which had been previously broken. The boy gave his name as Jones and his address as 66 Washington street in this city. When told by the officers that no one by the name of Jones lived at the address he had given he admitted that he was one of the boys who escaped from the Lawrence training school on Thursday night, May 22, the other two boys having been previously taken into custody, one in Dover and the other in Madbury, and returned to the Lawrence training school.

The training school officers were notified and an official from that institution came here yesterday and took the boy back to Lawrence.

The stores of Dover, with a very few exceptions, will be closed on next Wednesday afternoon. It was stated Monday morning that all merchants who had been asked to grant Wednesday half holidays to their clerks had agreed. All clothing, dry goods, jewelry, meat and provision, hardware and virtually all stores except drug and fruit stores will close every Wednesday afternoon from now until October 1st.

Attorney George T. Hughes, chairman of the local Salvation Army drive remarked Monday that he thought that the goal was in sight and Dover would doubtless raise its full quota of \$8,500. Mr. Hughes stated further that

this result had been thought about by the liberal manner in which the citizens of Dover had responded to the request of the committee to enlarge their original subscriptions.

Mrs. Elizabeth A. widow of John L. Platts died at her home, 24 Park street, aged 84 years, 7 months and 27 days. Deceased was the daughter of Alvah and Alpha (Jones) Chapman. She is survived by one son, J. Frank Platts. The funeral was held this afternoon.

Mrs. Julia A. (Hayes) wife of Norman Assessor Ephraim Whitehouse, died at her home, 11 Lexington street, aged 77 years, 3 months and 13 days.

# SUNSET LEAGUE OFFICIALLY OPENED

## Big Crowd See Fast Opening Game— Navy Yard Win in the Last Inning

### SUNSET LEAGUE

Games this week.  
Tuesday—K. of C. vs. Y. M. C. A.  
Wednesday—Southern vs. P. A. C.  
Thursday—Navy Yard vs. Y. M. C. A.

The Sunset league for the 1919 season, was officially opened on Monday evening, under the most favorable circumstances. There was a crowd of upwards of 3000 people present, including Governor Bartlett, Mayor Hildon and officials of the Navy Yard and Atlantic Corporation. The weather was perfect. To this great combination was added a rattling good game.

The opening game was between the civilian team from the navy yard and that from the Atlantic Corporation. The Naval Band was present and there was a short parade from Market square to the playgrounds, headed by President F. W. Hartford and Board of Directors of the Sunset League.

After the preliminary practice, President Hartford introduced Mayor Hildon who pitched the first ball and the season of 1919 was on.

The game was exceptionally interesting owing to the fact that neither scored up to the last inning when the Atlantic by knocking hits got one run across. Up to this time Bill Horan pitching for the Atlantic, had not allowed a hit, but in the last half of the fifth he gave two bases on ball which together with two stolen bases and a very costly overthrow by Fahey, and a scratch hit by Irvine gave the Navy Yard the two runs and the game.

Horan was rather liberal with passes, issuing six, but he had the game well in hand at all times and the Navy Yard team could not find him at all. Fahey was not very strong behind the bat, and his throwing to second was poor.

Fisher was on the firing line for the Navy Yard team, and he was hit hard, but he managed to keep the hits scattered and he got excellent support from Bailey, who's throwing was accurate as ever. Broderick played a fine game, at short, his stop and throw of Falton's bat bouncer being one of the star plays of the game.

Both teams shaped up well for the opening game and there is every indication that both will be contenders for the title. Walter Woods and Charlie Heffernan officiated as umpires and they did a good job.

The game in detail.  
The Atlantic's were up and Fahey fanned. Horan singled and he was advanced by E. Powers who singled. Daley raised a fly to W. M. Hayes and Falton struck out.

The Navy Yard got one man on, after Jewell had been thrown out by Poole, and Cannon struck out. M. O. Hayes reached first when Fahey fumbled his ball, but Irvine fanned.

A fast double in the second saved the Atlantic from scoring. Poole opened with a two-base hit but he was doubled a second later when E. Powers raised a fly that Bailey was under and shot the ball to second before Poole could get back. Egan singled and stole second but Gilson flied to M. O. Hayes.

Fisher got a pass, but Bailey flied to Daley. Broderick fanned and Malen flied to Falton.

In the third the Atlantic were out in order. Fahey singled, but was caught trying to steal second. Bailey to Jewell. Horan and Powers fanned.

Jewell was out on a foul fly. Cannon reached first on Daley's fumble. M. O. Hayes flied to Horan and Irvine fanned.

In the fourth after Daley had fanned Falton hit a ball rolling ball to Broderick who made a pretty stop and whipped it to first for an out. Poole singled and stole second but E. Powers flied to M. O. Hayes.

The Navy Yard got two men on. Fisher and Bailey getting free passes, but Broderick fanned. Malen was out to E. Powers and W. L. Hayes fanned.

The Navy Yard scored their lone run in the first of the fifth. Egan opened with a single and stole second. Gilson singled and Fahey came through with a single scoring Egan. Horan fanned and Powers drew a pass, but Daley's long fly to center was nailed by Cannon.

Jewell was thrown out by Horan, but Cannon drew a pass, he promptly stole second and M. O. Hayes was passed. They pulled a double steal and Fahey made a bad overthrow which scored Cannon and placed M. O. Hayes on third. Irvine bunted down the first base line and M. O. Hayes scored the winning run.

## M'CORMICK TELLS CONFLICTING STORIES IN CELL

Concord, N. H., June 2—John McCormick, held in connection with the murder of Dennis Clifford in Hooksett, murder of Dennis Clifford in Hooksett, N. H., and alleged to have confessed to the police in Worcester, where he was arrested, that he had seen a pal, Fred Callahan, commit the crime, made a contradictory statement today in his cell in the Merrimack county jail, according to authorities.

McCormick is technically charged with the robbery of the 67-year old woodchopper in a lonely hut. He was arraigned Saturday, but his case was continued a week.

A Manchester detective who captured McCormick returned today from Connecticut, where he has been searching for Callahan. McCormick had stated, it is said, he last was seen in Hartford. The detective said he could find no trace of Callahan.

McCormick appears to be in a very nervous condition. He has told several conflicting stories, the authorities say.

## More Mileage Adjustment on Goodrich Tires

Fabrics—6,000 Miles  
Cords—8,000 Miles

TO automobile owners and drivers—to Goodrich Dealers—the B. F. Goodrich Rubber Company herewith declares a more mileage adjustment on Goodrich Tires—6,000 miles for SAFETY TREADS, and 8,000 miles for SILVERTOWN CORDS.

Fix these new Goodrich Adjustment figures firmly in your mind—6,000 miles for SAFETY TREADS—8,000 miles for SILVERTOWN CORDS—instead of the 3,500 and 5,000 miles respectively heretofore in force.

This new adjustment stands back of all Goodrich Tires, including Tires already purchased in the hands of user or dealer.

Goodrich Tires in actual usage are today unfolding such matchless mileage, regularly in excess of adjustment basis, that Goodrich knows it has the strongest, most durable tires the rubber industry has produced.

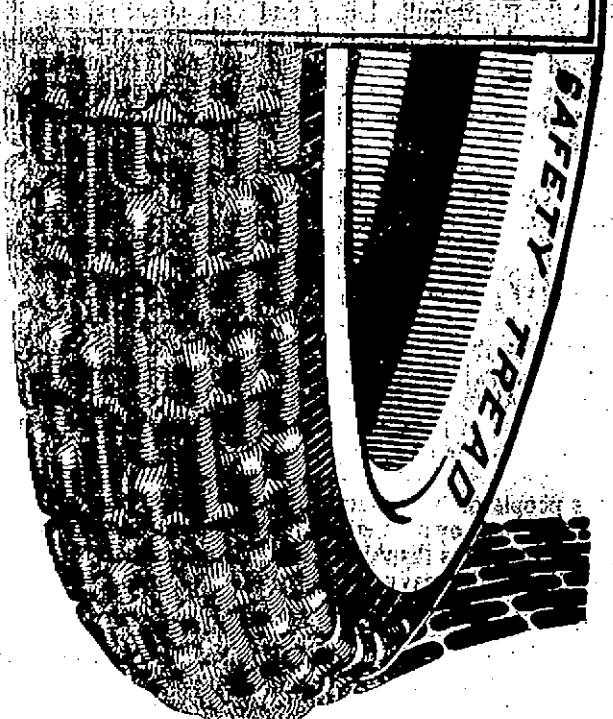

The Goodrich adjustment mileage is increased because Goodrich knows the mileage in its tires, and it wants to give every motorist a share in their economy.

Go to a Goodrich Dealer, and buy a Goodrich Tire, sure that with fair and square usage a Safety Tread will render you at least 6,000 miles; and a Silvertown Cord at least 8,000.

### Wilson's Memorial Address.

It was a noteworthy address that was given in France on Memorial Day by President Wilson, one that befitted the day, the occasion and the man. It was delivered at a cemetery near Paris in which rest the remains of a large number of American soldiers who gave their lives in the cause of world freedom, the cause for which the great world war was fought by the nations that combined against the most stupendous menace that ever confronted civilization.

With the history of that war and its outcome all are familiar. It is now the duty and the purpose of the victorious nations to guard against any repetition of such an upheaval by shaping the affairs of the world so that justice shall prevail among all peoples and all shall be guaranteed the right to life, liberty and the pursuit of happiness.

President Wilson's talk was upon this theme, which is justly engaging the attention of the civilized world. "It is for us," he said, "particularly for us who are civilized, to use our proper weapons of counsel and agreement to see to it that there never is such a war again. The nation that would now fling out of this common concord would betray the human race. The League of Nations is the covenant of agreement that these men shall not have died in vain."

The President reminded his hearers that already the standards of the old order are trying to assert themselves again, that there are those who are ready to resort to selfishness and bargaining for national advantage, which were the roots of the war. "Let these gentlemen realize," he continued, "that they cannot accomplish it. The peoples of the world are awake and the peoples of the world are in the saddle."

Profoundly true are those words. The peoples of the world are awake and in the saddle. "Private councils of statesmen cannot now and cannot hereafter determine the destinies of nations."

That is the meaning of the victory if the winning of the war is to be regarded as a victory. The war on the part of the Allies was not a war for spoils and aggrandizement, but a war for human freedom, a freedom to be shared by all nations in accordance with their advancement and qualifications for self-government. This means that no nation is to be trampled upon because it happens to be small, but that every nation shall have the right to shape its affairs in its own way so long as this does not interfere with the rights of others.

In view of what has been accomplished by the men in the field and the ends aimed at by those who are endeavoring to perfect the Peace Treaty and the League of Nations, no patriot can place obstacles in the way. As this paper has more than once said, there can be no objection to honest criticism, but any attempt to turn this all-important business into political capital would be little short of criminal. The great work that has been undertaken must be carried to its proper conclusion if the sacrifices that have been made are not to be in vain.

Memorial observances in Ellsworth, Me., will hereafter be in charge of the Sons of Veterans and other organizations, depleted numbers and the infirmities of age having rendered the Grand Army Post unable to further continue its leadership. It is a sad story, but one that must be told in every town in the country in the course of a few years.

That the Portsmouth, Dover and York street railway is to be continued in operation is the best of news to the sections traversed by the road. The talk of "junking" the system was highly disturbing to the people along the line, who are breathing much easier since this favorable decision has been reached.

The War Department has decided that no more welfare workers shall be sent abroad to work among the troops, because of the rapidity with which the soldiers are coming home. This is a proper step. It is time to curtail war operations of all kinds and be getting back to a peace basis.

Ruth Law, the champion woman aviator of the world, announces that within a few weeks she will attempt a flight across the Atlantic. Perhaps this is worth while, but most people will be of the opinion that Miss Law would do better to rest upon her laurels.

The people of New Hampshire will not overlook the fact that it was their own Senator Moses who introduced the resolution in Congress thanking Lieutenant Commander Read of the United States navy for his success in accomplishing the first trans-Atlantic air flight.

Senator Sherman of Illinois has introduced a resolution requesting the British authorities to cease censoring American mail. In view of the fact that the war ended last November something along this line would seem to be in order.

Holy Cross College at Worcester, Mass., is to have a \$150,000 chapel as a memorial to all the men of the college who served in the world war. And a most fitting memorial it will be.

## NAVY YARD NOTES

### WEDDED AT RYE

Miss Frances M. Squire Becomes Bride of British Army Officer.

A fine wedding of much interest occurred at Rye Beach Monday evening, the contracting parties being Miss Frances Margaret Squire, daughter of Mr. and Mrs. John Squire of Rye Beach, and Lieut. Gordon C. Montague of Tager, Bermuda, an officer in the British army.

The ceremony took place at 8 o'clock at the home of the bride's parents on Cable road and in the presence of twenty-five relatives and a few close friends of the contracting parties.

The home was prettily decorated with flowers and verdure for the event, the color scheme being green and white. Places in profusion were used in the adornings and roses and pinkies added to the decorative scheme. The hall stairway was enlivened with overgreen in which purple and white lilies were intermingled.

At the appointed hour Miss Dorothy Phillips entered the wedding march on the piano and as the first strains were played the bride and groom, unattended, entered the room where the ceremony was performed by Rev. Charles L. V. Robinson, rector of Christ church of this city.

The bride looked most attractive in her wedding gown of white crepe with trimming of pearl embroidery. Her veil was of tulle and fastened with a spray of lilies of the valley, and she carried a shower bouquet of the same delicate flowers. She was given in marriage by her father. The groom

was in the uniform of his rank. Previous to the ceremony Mrs. Mary Whittier Priest sang "O Promise Me." Following the impressive rites the newly wedded couple received the congratulations of the assembled company and many and fervent were the good wishes extended to bride and groom.

A wedding feast of chicken salad, rolls, olives, barbeque, ice cream, assorted cake, bonbons, nuts and coffee was served in the dining room. The festive board was beautified with pink and white roses and in its center was a richly fringed wedding loaf made by the bride and which she cut and distributed to the company.

Lieut. and Mrs. Montague left on an evening train for a trip to Niagara Falls and other points of interest. At its conclusion they will take up their residence in Hamilton, Bermuda.

The bride is one of the most popular young women of Rye; an accomplished pianist and a member of the Rye Dramatic Club. The groom is highly esteemed and the couple have the unlimited good wishes of their friends for a life filled with happiness and prosperity.

## OPINIONS

### PEOPLE'S

#### Comments on Clarke.

Editor:—The Thumbail Theology articles by Milton B. Clarke have been interesting and in some instances erratic; and are so out of the ordinary that they find much in disagreement both with the ideas of the agnostic and church member. While the spirit of good humor runs through the series, the criticism of churches and their members seems to be rather severe and bitter, as if the element of pre-conceived prejudice played an important part. Regarding the disturbance by children in churches, I have found the ministers and many of the people of the churches in this vicinity to express themselves as not in the least annoyed by children, and would prefer to have them present at the services by all means. Of course some people are so constituted that they cannot help being annoyed by the pranks of children, and we should have due consideration for their feelings. If we wish them to have a degree of forbearance for us and our children, regarding the coldness and unsociability complained of, I wish to say that after visiting scores of churches and places of public worship, almost without exception the spirit and attitude of welcome was there, and there was very little to find fault with. I think the attitude of the mind, whether we go to church to edify or to realize only the bright and helpful things, has much to do with the ultimate result of the impressions.

Also, if we are feeling unsociable we imagine everyone else is that way. There are hundreds of different sects of Christians in this country and if Mr. Clarke finds them all radically wrong, he should immediately organize a new church and compel all its members to measure up to the required Christian standards. But, as he says, every man has a right to think for himself, and does not have to attend any church against his will. Mr. Clarke's ability and evident sincerity, even though his opinions differ from those of most of us, are worthy of respect and consideration.

#### COLONIAL.

A remarkable cinema production was given its premiere showing at the Colonial theatre last night when the management of that theatre presented the Jewel production, "The Heart of Humanity." And at the same time, a new figure took his place among the three or four really great moving picture directors. This figure was Allan Holubar, who both conceived the story and transferred it to the screen.

To discriminating photoplay patrons "The Heart of Humanity" will rank as the third of a triumvirate of great pictures produced since the inception of the film industry. The first two are "The Birth of a Nation" and "Intolerance." Although in a measure a war picture, it is a rank injustice to stigmatize it by that term, since it has come to mean the brutalities, horrible atrocities and similar tricks to which the average film director resorts when producing an action picture in which the film figures.

Love forms the central theme of "The Heart of Humanity," and, as the title implies, it is the story of all the living, breathing world. It is the story of the love that lives in a mother's heart; of the love that dwells in the hearts of all sweethearts; of the love that exists in the hearts of all hus-

hands and wives. It is the story of the grand passion which prompts humanity to do and dare for what is good and right, even to the extent of sacrificing life itself.

Dorothy Phillips, as Nannette, gave a marvelously intelligent interpretation of the stellar role. Surely, this talented young actress has travelled far since the days when she appeared in comedy roles. We venture the assertion that her work in this production justly entitles Miss Phillips to be regarded as one of the screen's foremost artists.

As the Widow Patricia, the mother whose five sons go forth to battle for humanity, Margaret Mann is satisfying in every way. She represents every mother in the land and the manner in which she meets the heart wounds which the war inflicts upon her will endure her to every man, woman and child who sees the production.

The Widow Patricia's five sons are portrayed by William Stowell, Robert Anderson, the "Mexican Cuckoo" of "Hearts of the World," Frank Bradwood, George Haddock and Walt Whitman. They seem to have been made for their respective roles. Eric von Stroheim again gives one of his earliest performances of the brutal lust and made him as detestable as heart could wish.

We have not dwelt upon the spectacular angle of the film because, as marvelous as is the latter with its angles, airplanes, flame throwers, its amazingly realistic battles, the love story overshadows it to so great an extent as to make the war element a mere background. By all means see "The Heart of Humanity."

At a moderate price what gives more foot comfort or is better for athletic purposes than a tennis shoe or "sneaker," as some call them? Of course, there's a difference in tennis shoes—any good article has a cheap relative. But we have so much faith and confidence in our kind that we'll stand back of them to any reasonable extent. day evening when the Minute Men's Bible class of that church held its monthly meeting and social. It was a most successful affair and the class and invited guests much enjoyed the occasion.

In the absence of the president and vice president, the pastor, Rev. Percy Warren Canwell, called the meeting to order and presided. The usual routine business was transacted and at its conclusion the money that had been collected in the miniature barrels, which were given out to class members and others of the society was gathered and this amounted to nearly a hundred dollars. The result was especially satisfactory as the barrels were only given out a few weeks ago and those who received them were asked to fill them with their spare pennies. The money will be used to start a fund to paint the church.

An interesting program was presented and listened to with much appreciation. The numbers were as follows:

# LOCAL VETERANS ORGANIZE POST

To Be Known as the Frank Booma Post  
---Sergt. J. R. Waldron to be the  
Commander

A Portsmouth post of the American Legion of the World's War, was formed at a meeting held on Monday evening at the Elks Home. There were fifty-five men who saw service in the war, present and it was a very enthusiastic meeting.

A charter will be asked for and this will be kept open for a time so that all of the men who took part in the war may become charter members. The following officers were elected who will be ratified after the charter is secured:

Post Commander—Sergt. J. R. Waldron.

Vice Commander—Lieut. Edward J. Neville.

Post Adjutant—Sergt. Arthur J. McCaffery.

Finance Officer—Private Charles H. Walker.

Historian—Private Lyman MacDonell.  
Chaplain—Private Waldo Pickett.  
The following committees were appointed: On By-Laws, Corp. Mark W. Anthony, Sergt. E. A. Weeks Jr., Lieut. Bailey, V. M. Emery, Private Nelson T. Wright and Robert Bruce.  
Committee on Hall: Sergt. Arthur J. Hefsey, Private Harry E. Perkins and Private Sherburne Wendell.  
The next meeting will be held on June 10.

They will return on Wednesday night, when there will be an official British reception to them.

## After INFLUENZA, GRIP

And Other Prostrating Diseases That Exhaust the Strength.

There is always a depleted condition of the blood, that extreme tired feeling, nervousness and digestive weakness from which recovery is slow unless a good medicine is taken.

The lack of red corpuscles in the blood makes it too thin properly to nourish the body and the general prostration, languor, loss of appetite and loss of progress towards health.

Hood's Sarsaparilla meets these conditions perfectly, as many people know. It has proved the greatest blood-purifying, vitalizing medicine. Nothing else so good in the world.

It is made from a formula comprising ingredients often used by the best physicians for impure blood, scrofula, rheumatism, weakness, etc. It purifies the blood and makes the weak strong. For a fine family cathartic, take Hood's Pills.

The new Six-Cylinder Scripps Booth Touring Model appeals especially to the woman driver. She appreciates the many small refinements with which it is fitted, the distinctive appearance of the smartly designed body, the deep and leather upholstery and the smooth, even power of the Six-Cylinder valve-in-head motor. In this model you will find a motor car comfortable, powerful, efficient and easy to drive—a car that in beauty compares favorably with those selling at much higher prices.

## RUM SLEUTH ADVERTISES JOB BY ELECTRIC SIGN

Bideford, Me., June 2.—Liquor deputy Ernest L. Jones of Kennebunk, who is engaged in scouting for rum cuts on the State highway, between this city and York beach, has made an electric sign to be hung on his motor car. It bears the words, "Stop—Sleuth," and when seen in the middle of the road at night motorists are supposed to halt. They will know that the men in the machine, who have ordered them to stop, are county officers, in quest of booze and not highwaymen.

During the past year several innocent parties have been held up by mistake by the officers and their cars searched. When ordered to stop they have been much frightened, supposing that they were held up by highwaymen. The deputies would explain, but in the excitement it would be some time before the tourists could be made to understand that they were no victims of robbers.

The sign is five feet long and two feet wide and can be attached by hooks to the front or back of the auto. Power for the lights is furnished by the motor of the automobile.

## LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons, and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and easy-while the skin becomes. Yes! It is harmless and never irritates.

## EXETER

Exeter, June 2.—The day for the benefit of the Exeter Cottage hospital will be on June 14 this year. The various committees will assign posts for the workers, and, as in past years, it is expected that a large sum will be collected. A committee has been appointed to work in the surrounding towns.

On Wednesday evening Star in the East lodge, A. F. and A. M., will be entertained by Orient chapter, Order of the Eastern Star. The regular meeting of Orient chapter will be called at 7 o'clock. After the meeting the guests will be received and a concert given by the Lotus quartet of Boston. A social hour and refreshments will conclude the evening's entertainment.

Frederick H. Follows, son of Mr. and Mrs. Fred S. Follows, who served in the naval school of instruction and in the service of the marines during the recent war, is at his home here for a six days' furlough, his ship, the Pittsburgh, being in port at Portsmouth. He expects soon to sail for a two years' cruise around the world.

Following the regular meeting of the Friendly Lodge of Rebekahs on Wednesday evening the members of the degree team will observe visitors

night and entertain their friends with dancing and whist.

The farm on the Newmarket road known as the Lewis Corner farm, has been sold to W. Goywood, who comes west from Kansas. He will take possession at once and stock the farm for dairying.

The tickets for the Exeter-Andover baseball game which comes off Saturday of this week, go on sale at the Exeter shop commencing Wednesday morning. As in past years a squad of 15 police officers from Manchester will assist the local officers at the game.

### BUSY SESSION OF THE POLICE BOARD ON MONDAY NIGHT

Talk of More Traffic Men; Elect One Patrolman and Revoke Junk License.

The board of police commissioners got together for rather a busy session on Monday night and it looks as if the board injected a little progressiveness and speed into the meeting.

Edgar True was appointed a regular patrolman and will be assigned to a new beat by night at the Atlantic Heights. He was a former officer for the Atlantic Corporation and also did the same duty at the heights.

The matter of a regular day patrolman for the same district was not approved but two special officers among the men residing in that section were appointed for such duty with no expense to the city. It is understood the district wanted three regular patrolmen.

The matter of keeping the lid on for a safe and sane Fourth of July, took up considerable time and brought out much discussion. Different opinions were expressed regarding the regulations for this holiday. The board put the matter over for a week or more and will not act until it has been decided whether or not Portsmouth is going to have a public celebration in honor of the returned soldiers, sailors and marines from the World War. If the city is to arrange for such an event, the Eagle will be allowed to scream, if not, the board will try to confine the observance of the Fourth to the same degree as in the past. With the war ended and peace likely to be declared by that date, it will be hard work for the police board to expect anything like a Quaker meeting from young America on July 4, 1919.

Street traffic was another matter to which the board gave considerable attention and the sentiment of the board appears to be that more officers should be appointed to meet the situation which is growing worse by increased auto movement. The question of more men went over to another meeting.

The license of Samuel Yaffe to deal in junk issued a few months ago was revoked by the board on account of the purchase of junk from minors.

### NAVY MAN TAKES A BRIDE IN THIS CITY

Carroll-Lucey Nuptials at the Catholic Church This Morning.

The marriage of John Joseph Carroll of Washington, D. C., a chief machinist mate in the United States Navy, and Miss Catherine Frances Lucey of Daniel street, took place at the Church of the Immaculate Conception this morning with Rev. D. Alex Sullivan, P. R. performing the ceremony. The bride was attended by her sister, Mary Lucey, and the groom's man was William F. Dillon, also a chief petty officer of the navy. After a short wedding trip Mr. and Mrs. Carroll will temporarily reside in Washington.

### QUIET WEDDING

Dyer-Bradshaw Nuptials Occurred Yesterday.

The marriage of Miss Nellie Bradshaw of Newmarket and Alvin Dyer of this city, occurred Monday noon at the parsonage of the Cent Street Christian church, the pastor, Rev. Percy Warren Caswell, officiating. The single ring service was used.

The couple left at the early afternoon train for Boston and will go from there to Texas to reside.

The groom was a member of the U. S. Marine Corps and stationed at the Portsmouth navy yard for some

### MORNING WEDDING

Cassidy-Fingleton Nuptials at Church of the Immaculate Conception.

The marriage of Miss Mary J. Fingleton of this city, and Edna Marcellus William Cassidy, U. S. N., son of Mr. and Mrs. George J. Fennell of Ferry Lane, Kittery, occurred this morning at 10 o'clock at the Church of the Immaculate Conception, the ceremony being performed by Rev. Alex Sullivan, P. R.

The bride was becomingly attired in a tailored suit of tan shade, worn with a hat of blue straw. She carried a shower bouquet of sweet peas. She was attended by her sister, Miss Georgia Fingleton. Lieut. Floethe, who is stationed at the navy yard, acted as best man.

Ensign and Mrs. Cassidy left later on a wedding trip to Boston and New York. Both are popular with a large circle of friends and have their best wishes for a future filled with happiness.

### WILL WE CELEBRATE THE FOURTH OR NOT, IS THE QUESTION?

Now Is the Time to Pick Committees; War Community Offers Services; Women Anxious to Help.

The matter of having a celebration on July 4 in honor of the great holiday and the returning war heroes is now receiving much consideration on the part of the general public. However, its the same old song, everybody wants to hold the celebration but nobody is speeding up with the preliminary arrangements.

The time is certainly limited and if anything is to be done it should be done at once. Why not arrange for a committee meeting made up of one representative from the following organizations with the Mayor representing the city council: Elks, Portsmouth Athletic Club, Y. M. C. A., K. of C., Chamber of Commerce, Metal Trades Council, Central Labor Union, Hebrew Association, Little Bowery A. C., A. O. U. F., Fire Department, Portsmouth Yacht Club, Girls Patriotic League, Spanish American War Veterans, G. A. R., the World War Legion, Representative of the Local National Catholic War Council, Sons of Veterans and the Warwick Club.

Mr. G. L. Hanson representing the War Community Service, a man who knows the ins and outs of public affairs of this nature, made it known today that he stands ready with any assistance he can render in this proposed celebration and is willing to do every thing possible in helping any local committee in formative work. Mr. Hanson has had unlimited experience in many celebrations and he ought to make a valuable man if the city cares to accept his services for the occasion.

If Portsmouth is to celebrate, we should be up on our toes by this time. Will or will we not keep the old city on the map?

A good number of carrier pigeons are to be sold at Fort Constitution, New Castle, and it is said the price will be reasonable.

### James J. Ahern's Shoe Craftsman says

You get a very satisfactory amount of mileage out of our fashionable shoes!

### THE EDUCATOR—The Only Shoe for Children.

When an automobilist purchases a tire, the first thing he wants to know is how much mileage he's going to get out of it. That's the sort of question a sensible man should go into when he's buying a pair of shoes. Our shoes are comfortable and they're stylish and they're well made and we guarantee a goodly amount of happy mileage in each pair.

That's what the Educator, All America and all Rice & Hutchins' Shoes are made for

They give you the Wear and Style—All Union Made Shoes.
